Louisville, KY

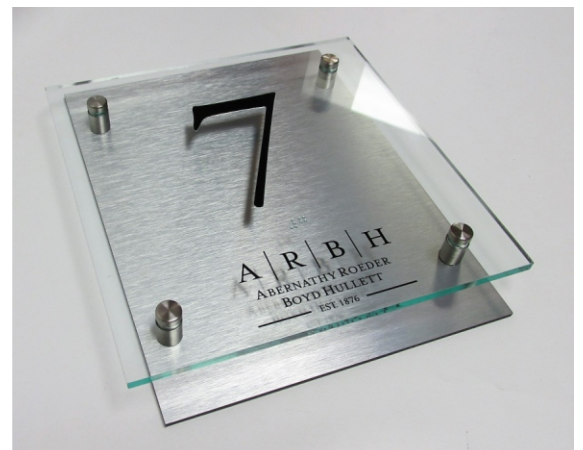

# Interior ADA Signs

## Signs to suit your style

When visitors enter your facility, every element of your space, furniture, carpet, including signage, has something to say about who you are. At Cornerstone, not only will we work with you to project a professional image, we will also work with you to make sure your facility is meeting the ADA (Americans with Disabilities Act) compliance standards for signs. Our custom interior ADA signs with tactile Braille for indicating restrooms, offices, exits and conference rooms, are manufactured in Louisville Kentucky. We use a variety of materials such as: aluminum, acrylic, glass, 3-Form, laminates, wood, stainless steel, bronze, and other natural materials. As a national wholesale manufacturer, the majority of ADA signs we produce is for other sign companies. Call us today, and we will get you on the right path to produce a sign that has the functionality and design to fit your needs.

# Interior ADA Signs

# Plaques

## Established Look

Consider the classic appearance of a cast bronze or aluminum plaque for that refined look. Plaques are ideal for universities, professional offices, government buildings, and commemorative uses. Cast metal plaques are available in a multitude of shapes, finishes, sizes, borders and mountings. Cornerstone Sign & Decal only supplies plaques using lead-free alloys.

## Materials:

- Bronze
- Aluminum
- Stainless Steel
- Zinc

# Parking Lot Signs

## Traffic Control

Direct visitors with attractive and durable traffic control signs. Sign panels are .080 aluminum with 3M Scotchlite reflective. Standard posts are either square aluminum or galvanized u-channel. Pre-made MUTCD compliant traffic control and parking signs ship the next day.
